

Our Republican Team

Reasons to Vote Republican - Our Country's Future Is At Stake!

President Obama and the Democrat Party have been in control 4 years (2 years in control of all 3 branches).

1) They have not passed a budget for 3 years with 16 trillion in debt, we the citizens owe

2) Economy has deteriorated in the last 4 years - Jobs lost - Cost at the store, pumps, etc. has increased

3) The priority responsibility of the U.S. Government is our National Defense (protecting Americans). Our defense capability has and will be reduced if President Obama is re-elected. ex. The Libya attack and the cover-up.

4) Candidate Tim Kaine, one of President Obama's closest confidants on the issues, will (if elected) add to the Senate control and negative economic policies (on energy, regulations, jobs, defense, health care and taxes under an Obama administration).

5) Our Christian and moral values are under attack by the Obama Administration and the majority of the Senate.
